

Gerbera Cup Machine

Nippon System Technology

NST

Improve Work Efficiency

Improved Productivity

Cost Reduction

Improve work efficiency by automating capping work

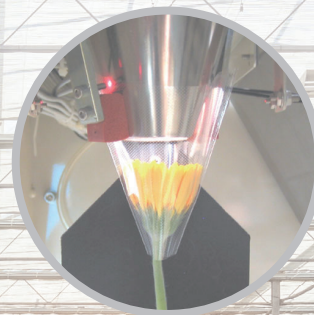

Automatically wrap caps around gerberas manually inserted, and align the posture of the flowers before transporting them out.

Drop off

✓ Time saving and Cost reduction

- Achieves work efficiency more than three times compared to manual work.
- Labor costs can be reduced.
- The time taken up by packing caps can be used for other tasks.

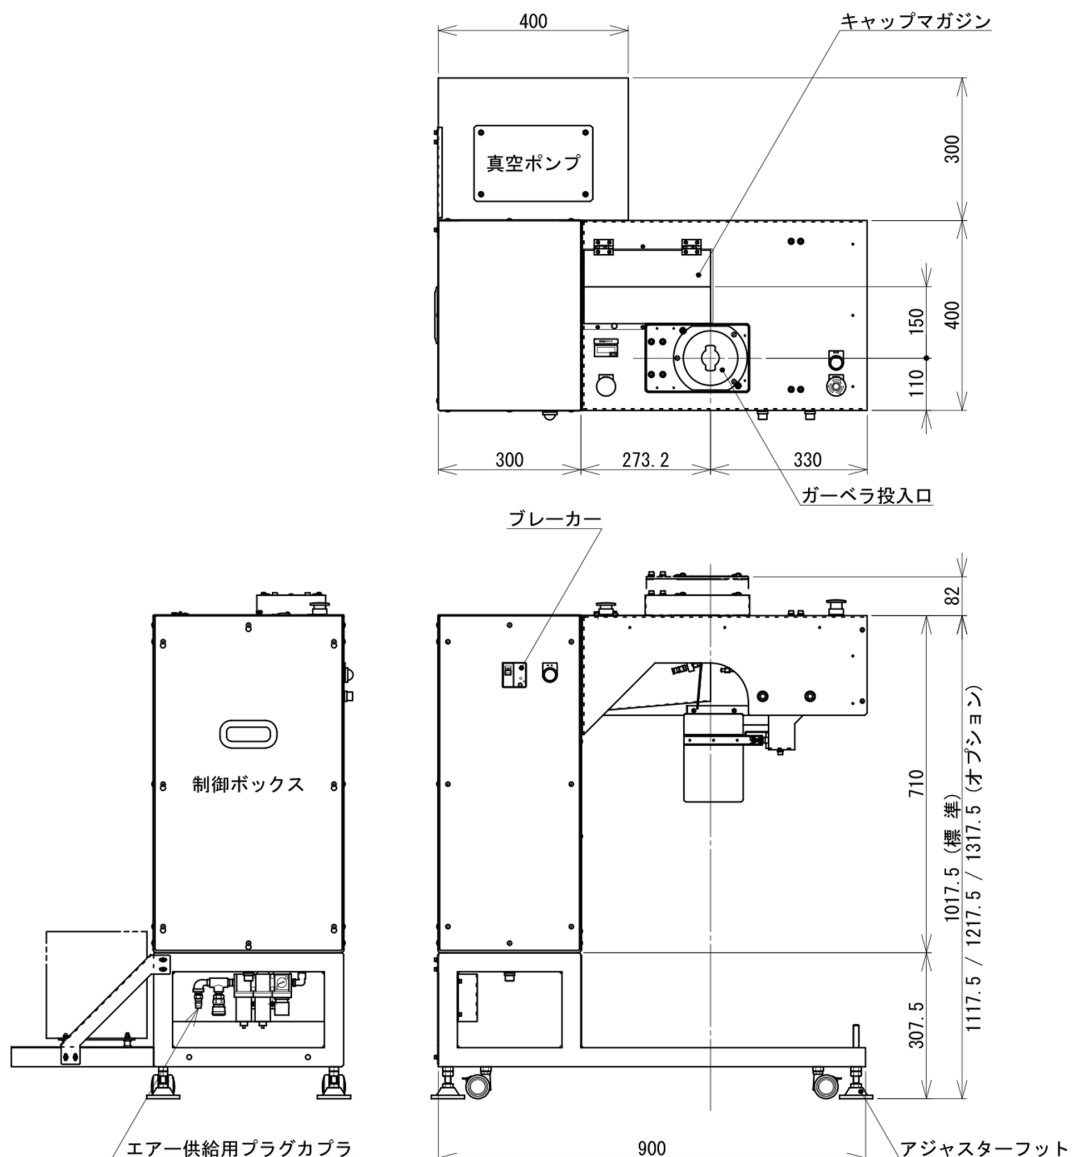

✓ Extensive delivery track record

More than 80 units have been delivered in Japan and more than 30 units overseas.

Specification

Item	Contents
Machine size	W900mm×D400mm×H1000mm
Air consumption	8L/min (Pressure 0.5MPa)
Supply voltage	AC200V
